

PEACE to you!

Program Encouraging Catholic Education

St. Anne School Pre-Kindergarten
1-30 Summit Avenue – Fair Lawn, NJ 07410
Phone: 201-797-2679

Saint Anne Pre-Kindergarten provides an environment where there is a balance of structure and freedom. Children have an opportunity to explore, discover, investigate, and learn through age-appropriate activities. Their ideas may be expressed, respected, and challenged.

The teachers facilitate, guide, and direct their students as they work alone or cooperatively in groups. The program meets the needs of the young child through hands-on experiences in a multi-sensory approach. Our children develop and flourish at their own pace.

The curriculum is designated to contribute to all facets of the child's development including spiritual, physical, cognitive, social, and emotional aspects. Areas of the curriculum include:

Religion: Our Father, Hail Mary, Grace Before Meals, Guardian Angels, The Nativity and the true meaning of Christmas, rainbows as a symbol of God's promise (Noah's Ark), the Blessed Mother, Saints and legends of some saints.

Language arts: letter recognition and sounds, patterns for reading readiness, spelling and sounding out words, rhyming, opposites

Mathematics: number sequence, number patterns, ordinal numbers, greater than and less than, addition, subtraction, money

Science: parts of the body, five senses, nutrition, hibernation, seeds and plants, nature and weather, ocean life

Music and Art are incorporated into daily lessons

Health/safety: stranger danger, fire safety, dental health

Class sessions are as follows:
