

Saint Anne School Enrichment Programs 2017-2018
All programs are open to all students unless otherwise noted

Lego Club

Mrs. Joosten

Students will engage in cooperative learning and team building activities. This club meets after school. There is no fee to join.

FLAG FOOTBALL

TGA Premier Sports will teach the basic essentials of flag football. This is a sign-up activity with an independent provider, for a separate fee paid to TGA. Lessons take place after school weekly.

FLOOR HOCKEY

TGA Premier Sports will teach the basic essentials of floor hockey. This is a sign-up activity with an independent provider, for a separate fee paid to TGA. Lessons take place after school weekly.

VOLLEYBALL

TGA Premier Sports will teach the basic essentials of volleyball. This is a sign-up activity with an independent provider, for a separate fee paid to TGA. Lessons take place after school weekly.

Show Choir (grades 2 – 8)

Ms. Campana

Students will learn new music with harmony. The aim is to perform at the school Christmas Concert in December, the Barnes & Noble Book Fair in December and the

iSing Archdiocesan Choir Festival in the spring. The Choir meets to rehearse both during school hours as well as after school.

Chess Wizards

Chess Wizards is a premier chess education company providing fun, informative and challenging chess lessons to students. Chess Wizards teaches children many important life concepts, such as learning the ability to win graciously and accept defeat with dignity and sportsmanship. Students will be divided into groups according to their chess experience. At the end of the session, each student will have had the chance to participate in a mini-chess tournament. This is a sign-up activity with an independent provider, for a separate fee paid to Chess Wizards. Lessons take place after school weekly.

MAD SCIENCE

Mad Science offers hands-on science programs. Children engage in exciting hands-on activities, watch spectacular demonstrations, participate in inquiry-based discussions and take home things that they have made themselves such as model rockets, periscopes, Mad Science putty, and more. Hands-on, one-hour programs are themed around a particular area of STEAM. This is a sign-up activity with an independent provider, for a separate fee paid to Mad Science. Lessons take place after school weekly.
