

SAINT ANNE SCHOOL

MISSION STATEMENT

We, the Faculty and Staff of Saint Anne School in Fair Lawn, New Jersey, are called to continue the work of Jesus Christ. Through our personal, unique experience of Jesus, we share with our parish and school community the reality of the message of Christ in the twenty-first century.

We recognize that each child possesses a distinct individuality and limitless potential that is fueled by his/her natural curiosity and shaped by loving support and guidance. We acknowledge and embrace the rich diversity of backgrounds of our students and provide them with a supportive environment where common Gospel values are instilled. We attempt to achieve this by offering them positive role models as well as our unconditional love.

In learning to value themselves as beloved of God, our students will hear the voice of the Spirit calling to them in their own hearts, enabling them to serve one another and exercise responsible stewardship over the earth.
