Class K-8

**Catholic Schools**  
**Learn. Serve. Lead. Succeed.**

### Kindergarten / First Grade

**Goal:** Students complete the phrase “At St. Anne School I learn...”

**Objective:** Students will search Google Images to express and complete phrase

**Procedure:**

- Students will navigate to Google Chrome Browser
- Students will select “Images” tab
- Student will be directed on what to type in search box
- Students will choose clipart of choice and will be assisted on how to copy and paste the image onto their document
- Students will print out completed assignment

### Grade 2

**Goal:** Students will complete sentence prompt “How does St. Anne School teach me to serve God, others, or my community?”

**Objective:** Students complete sentence by typing their response and inserting a picture that describes their response.

**Procedure and Skills:**

- Students will type their sentences using Microsoft PowerPoint
- Students will navigate to Google Chrome Images to search for a clipart
- Students will right click, copy/paste a clipart
- Proofread/Spellcheck
- Print and display for Catholic Schools Week

## Grade 3-4

**Goal: Catholic Schools Week assignment:**

Students will answer a given question using critical thinking skills.

**Objective:** Students create bulleted list that lists the answer “How do you serve God as a student of St. Anne School?”

**Procedure and Skills:**

- Students will create a one slide PowerPoint Presentation
- Students will utilize typing skills, and use new toolbar to create a bulleted list format
- Students navigate to Google Images to search for clip art that depict their responses.
- Print and display for Catholic Schools Week.

## Grade 5-6

**Goal: Catholic Schools Week assignment:**

Students will focus on self-confidence and organizational skills by recording a private video utilizing a private video platform called Flipgrid.

**Objective:** Assignment posted as a question of the month in Google Classroom. Students will submit their answer “How does St. Anne School teach you to become a leader?” via Google Classroom.

**Procedure & Technical Skills:**

- Log on to Google Classroom-Technology
- Click on embedded link which will navigate student to FLIPGRID.com
- Students utilize Chrome books to record a 90 second video responding to the question above.

## Grade 7

**Goal:** To allow students to answer a question by creating a short video response. This will require students to plan their responses, speak thoughtfully, and record responses into a chrome book camera.

**Objective:** Assignment posted in Google Classroom by Technology and Spanish Teachers. Students will create a video that will answer a question about a Spanish Country previously researched.

### **Procedure:**

- Students log on to Google Classroom - Technology Class
- Click on link FLIPGRID
- Students will view assigned question and begin thought process.
- Students will take a “Selfie” and record 90 second video of their response
- Students will submit final video via Google Classroom - Technology Class
- Students will be graded by both teachers via Google Classroom

## Grade 8

**Goal:** Students will engage in a combined assignment for Technology and Spanish and create a web based multimedia presentation.

**Objective:** To research and create a multimedia presentation that can be accessed by android/iTunes application or a computer/chrome book as long as internet access is available. Presentation will be created using Prezi.

### **Procedure:**

- Google Classroom – Technology Class
- Create student Prezi account and password

- Organize slides based on content given by Miss Cuello
  - History
  - Tradition
  - Culture
  - Food
  - Music
  - Education
  - Sports
  - Popular places to visit
- Add music, animations, images
- Save Prezi
- Submit via Google Classroom

## **ATTENTION: GRADE 8 PARENTS**

### **Yearbook:**

- Each family is asked to purchase 1 full page advertisement for your graduate. A **full page** ad cost is \$150.00. Your message and photos may occupy the entire page or you may share the page with extended family members to alleviate the cost. **Yearbook advertisements are now due. Please see options below on how to create and submit your ads:**

#### **Option 1**

You may create your own Advertisements by pasting photos and your message on an 8 ½ sheet of paper. Please make sure your pictures are clear and not blurry or damaged in anyway. Pictures can't be enhanced or corrected by our publisher.

#### **Option 2**

You may send in your advertisement in a digital format. Create your ad on your computer and save in JPEG or PDF or PNG format **only**. You mail email your ad to [yearbook@stannenj.com](mailto:yearbook@stannenj.com) or save it on your child's USB drive and the yearbook committee will upload it to the yearbook page.

**Option 3** You may send in photos and your message and the yearbook committee will create the advertisement for your child. Please do not send in more than 14 photos.

***If you have any questions, you may contact me at  
a. fama@stannenj.com***
